Team size – 2/3

30th Jan 10.00 AM

NO DSA REQUIRED

OPEN BOOK TEST

You will be provided with all required coding books and materials during the event, can be referred anytime. All questions will be purely logic based and will only need arrays.

Event rules: similar to economy in CS/Valorant

- Initial virtual currency will be provided for each team to buy questions and powerups.
- Solve questions to earn XP and more currency.
- Power ups include: Google search, ChatGPT, Hints, test cases.
- Round 2 will have tournament based system, pairs of teams battle each other solving same questions.
- Attack opponents using powerups like disabling their compiler for short time or defend yourself using shields.
- **Platform: Offline in HackerRank**

TOTAL PRICE POOL: RS 6000

Gear up! Join the battle and showcase your skills.
